*\*IAEE Executive Committee Members*

## CHAIRMAN'S WELCOME LETTER

Dear Friends and Colleagues,

I am delighted to invite you to Prague for Elevcon 2020, the 23rd International Congress on Vertical Transportation.

Prague is the spectacular capital of the Czech Republic. The "City of a Hundred Spires" on the Vltava River is known to people from all over the world and ranks among the most beautiful cities in Europe.

Our upcoming congress will be held at the newly designed Grandior Hotel Prague, perfectly situated in the city center of Prague, from the 16 to 18 of June 2020.

The IAEE Scientific Committee plans an excellent programme covering all major aspects of vertical transportation. Presentations and workshops will be offered by international experts, ensuring an exciting professional atmosphere.

Furthermore, Elevcon 2020 also offers a stimulating opportunity for trade exhibitors to show their most recent and advanced equipment, technologies and innovations.

On behalf of IAEE I would like to extend a warm welcome to those who are relatively new to our industry. Your participation in Elevcon 2020 will introduce you to the top personalities in vertical transportation, and offer you the opportunity to meet your colleagues from all over the world.

Looking forward to seeing you in Prague.

A handwritten signature in black ink, appearing to be 'A. Lustig'.

Yours sincerely,  
**Ami Lustig**, IAEE President

ESL – Eng. S. Lustig, Consulting Engineers Ltd, Israel  
Elevcon 2020 Chairman & Programme Manager

## The City of Prague

The "City of a Hundred Spires" on the Vltava River is known to people from all over the world and ranks among the most beautiful cities in Europe. Let yourself be tempted by the history, culture and leisure the city has to offer. Experiences that won't be forgotten are awaiting you.

**Connecting** - Prague has always been a crossroad of the most important trading routes, as well as a cultural and political center of Europe. One of its major landmarks, Charles Bridge, symbolizes the historical connection between the East & West that made Prague a place where elements of Slavic, German, Italian, and Jewish cultures merged to create a picturesque city with a unique, magical atmosphere.

**Accessible** - Prague's location in the heart of Europe makes the city easily accessible to travelers from almost every country. Sixty-nine airlines fly to 162 destinations in 54 countries from the Václav Havel Airport Prague, one of the busiest airports in Central Europe. Every year, 15 million passengers pass through its gates. Prague has three international railway stations and a bus station, all connected to the metro.

**Traditionally modern** - Prague is not only rich in architectural monuments, cultural heritage and historical sights, but is also modern and dynamic.
