

Programme

VFA Forum interlift 2023 Hall 2

Tuesday 17 October 2023

02:15	Welcome / Introduction
SMALL BUSINESS SPECIAL	
02:30	European lift standardisation and the role of lift SMEs (E) Andrea Raffaelli, SBS Small Business Standards, Brussels/BE, Stand: 5002
03:00	The revised EN 81-41 and the new EN 81-42: status of the approval process of the two standards (E) Paolo Tattoli, EFESME, Brussels/BE, Stand: 5002
03:30	The new Machinery Regulation: novelties and perspectives in standardisation (E) Esfandiar Gharibaan, European Committee for Standardization/CEN TC10, Brussels/BE, Stand: 5002
04:00	European Commission's position on the operation of lifting platforms without carrier doors and the impact on the Italian market (E) Luca Incoronato, EFESME, Brussels/BE, Stand: 5002
04:30	Logistics in crisis mode (D) Christoph Rauch, Klaus Pauluschke; BTG Messe-Spedition, Langweid/DE

Wednesday 18 October 2023

10:00	Earthquake and lifts: requirements of EN 81-77 (E) Suleyman Özcan, Solutions Engineering, Istanbul/TR, Stand: 2021
10:30	Current status of the ISO 8100 (D) René Hermann, SCHINDLER Aufzüge, Ebikon/CH
11:00	Traction media in times of EN ISO 8100-1/2 (D) Prof. Wolfram Vogel, Gut Achten Vogel (VFA), Schorndorf/DE
11:30	Cyber security in lifts and their components (D) Katrin Schwickal, TÜV Süd, Filderstadt/DE, Stand: 5058
12:00	Shaft copying systems – the all-purpose tool for digitalization, skilled labor shortage and sustainability (E) Yasin Bayrakli, Fritz Kübler (VFA), Villingen-Schwenningen/DE, Stand: 3013
12:30	Update 2023: Global market elevators and escalators – key trends and themes (E) André Kukhnin, Credit Suisse, London/GB

01:00	Cybersecurity in CANopen lift networks (E) Oskar Kaplun, CAN in Automation, Nuremberg/DE, Stand: 3111
01:30	Digital safety circuit (D) Henry Knop und Axel Schneider, INTEC, Gerichshain/DE, Stand: 7022
02:00	Testing of fire brigade lifts in Germany – from the perspective of the testing organisation (D) Eva Adam-Krawitsch, DEKRA, Stuttgart/DE, Stand: 5087
02:30	Rigid chain technology – A new approach to low-rise passenger lifts (E) Iain Forbestor, Russel Sweeting-White; Serapid (VFA), Bad Mergentheim/DE, Stand: 5080
03:00	Company succession in the lift industry: How a company is successfully handed over to the next generation (D) Sven Barig, Michael Reichelt; IBB Fördertechnik (VFA), Berlin/DE (D)
03:30	Lifts of the future: contactless operation with innovative technologies (D) Frank Saalmüller, Dirk Lauterwasser; SCHAEFER (VFA), Sigmaringen/DE, Stand: 1010
04:00	Sustainable and resource-saving modernisation of lift doors (D) Ricardo Dyroff, Meiller Aufzugtüren (VFA), Munich/DE, Stand: 5024
04:30	Panel Discussion The World Elevator & Escalator Federation (WEEF): the importance of acting globally Luca Pezzini, ELA, Brussels/BE, Stand: 2006; and guests

Thursday 19 October 2023

10:00	The US elevator market with a focus on New York (E) Donald Gelestino, Champion Elevator, New York/USA
10:30	Die Digitalisierung des Field Services (D) Carsten Dotzert, orderbase consulting (VFA), Münster/DE, Stand: 2143
11:00	Scandinavian lift markets (E) Daniel Nyman, Motum, Bromma/SE
11:30	Latest evolution of electrically activated safety gears (E) Karl Kriener, Wittur (VFA), Scheibbs/AT, Stand: 2019
12:00	More efficient, competitive and sustainable shaft structures (E) Denis Ferrari, Francesco Gardumi; Metal Working (VFA), Pergine Valsugana TN/IT
12:30	New Elevator concepts for the North American elevator market (E) Marc Hirsch, Ziehl-Abegg USA (VFA), Greensboro/USA, Stand: 1032
01:00	Further training to combat the shortage of skilled workers (D) Volker Lenzner, VFA-Akademie (VFA), Hamburg/DE, Stand:
01:30	Sustainability in the elevator market (E) Vincenzo Bruno, Wittur (VFA), Istanbul/TU, Stand: 2019
02:00	Modernisation instead of throwaway culture (D) Heiko Nagorski, Bucher Hydraulics (VFA), Neuheim/DE, Stand: 7034

02:30	A new level in elevator safety (E) Alex Ackermann, CEDES (VFA), Landquart/CH, Stand: 3023
03:00	Think lift emergency call for all – solution via SmartPhone without spoken language! People with hearing and speech impairments or without German language skills (D) Odo Hake, Telegärtner Elektronik (VFA), Crailsheim/DE, Stand: 5108
03:30	Industry report 2023: lifts and escalators (D) Dr. Jürgen Dispan, IMU Institut, Stuttgart/DE
04:00	Innovative technologies on the MARS system lift (D) Miguel Martin, Johann Schum Aufzugtechnik (VFA), Parsdorf/DE, Stand: 1002
04:30	How digitalisation works in the lift sector (E) Matteo Volpe, Dr. Maddalena Parotelli; Elevatori Magazine (VFA), Vignate-Milano/IT, Stand: 2005

Friday 20 October 2023

10:00	Testing of lift components (D) Thomas Meyer, Daniel Roßberg; ZFA Roßwein, Rosswein/DE, Stand: 2017
10:30	Experiencing the past the vertical way - preservation of historic elevators (D) Yannik Noel, Robin Augenstein; Heres Aufzug, Achim/DE
11:00	The lift company of the future (D) Tom Chenna, Mainteny (VFA), Berlin/DE
11:30	Performance of new developments in acoustic lift insulation based on comparative study and experimental investigations (D) Prof. Mazen Ayoubi, PohlCon (VFA), Berlin/DE, Stand: 3028

All lecture times include 20 minutes lecture + 5 minutes discussion time.
(E) Presentation language English - simultaneous translation into German
(D) Presentation language German - simultaneous translation into English

Each Forum guest will receive a pair of headphones, regardless of the source language of the presentations. The headphones offer, in addition to the interpretation, a minimisation of external interference.

Moderation team:

Dr.-Ing. Tobias Brendel
Raimo Hätäälä
Günter Stoll
Dr.-Ing. Wolfram Vogel
